# HOPE HAPPENS HERE

5,500 patients walk through the Bennett Cancer Center's doors each year. Here's how dollars raised through the Walk & Run put hope in motion for these patients and their families in 2018.

500

classes each of yoga and tai-chi provided free to patients

4,308

rides to and from treatment

940

exercise sessions to help patients after treatment

2,880

lunches distributed to patients during treatment

1,800

restorative sessions of massage, Reiki and cranial therapy

\$40,000

in mini grants awarded for patients' non-medical expenses

*Your dollars make a difference! Money raised each year through the Walk & Run helps provide services like these free of charge to patients at Stamford Health's Bennett Cancer Center.*
